Alex,

Per our telephone conversation this afternoon, please find with this cover sheet the Declaration/oath and Assignment. (From the looks of the recorded assignment, it was received at the USPTO after all that anthrax scare at the post office, because the pages I have on file here have that "yellow" tinge on them after being irradiated; so I wouldn't be surprised if the original Declaration/Oath didn't make it to the file!)

If you have any questions, please don't hesitate to contact me at the number/email address above.

Regards,

Albert Esquivel  
IPR Department
